

Technical specification sheet

ASK dry break couplings for the chemicals industry:

Technical Specifications

Sizes:	½" up to 8"
Pressure ratings:	(PN16) 232 psi – (PN40) 580 psi
Temperature ratings:	-40°C up to +200°C
Body material:	Stainless Steel 304, 316, Hastalloy a.o. , CTFE (carbon reinforced)
Seal material:	NBR, EPDM, Viton, PFE a.o.
Connections:	Threaded: BSP, NPT, ISO Flanged: ANSI, ASME, ISO, DIN
Accessories:	PE dust caps and plugs, SSt. pressure caps and plugs, Proximity switches Pressure relief tools Mechanical selective coding Digital selective coding Secure Lock (ARTA PIN)
